END-TO-END COOLING SOLUTIONS

1

Pharmaceuticals are on- and offloaded at **specialized cooled truck docks**.

2

Temperature controlled and dedicated warehousing ensures sensitive cargo remains within the required temperature range at all times.

3

Specialized cooling containers ensure a temperature controlled transport on the apron and during loading.

DIGITIZATION & INNOVATION

- Swissport's pharma capabilities are standardized and published on the Validaide platform to allow lane risk assessment and supplier qualification.
- Real time and accurate data about pharma shipments, flights, storage capacity and individual ULDs are available to customers in the Cargo Portal.
- Digital tools simplify and improve inspections of pharma shipments and infrastructure.
