

DAVID CLARK

Head of Quality, Health, Safety and Environment

Swissport International AG

David Clark joined Swissport International AG as Head of Quality, Health, Safety and Environment (QHSE) on 1 May, 2024, and reports directly to the CEO.

David joins Swissport from Worldwide Flights Services/SATS, where he was the Global Head of Health, Safety, Security & Environment, responsible for developing a global safety and security strategy as well as launching improvement programs at 200 airports in 20 countries.

Prior to joining Worldwide Flights Services, David worked for British Airways as Head of Ground Operations Quality & Training and was the airline's Deputy Nominated Post Holder for Ground Operations.

David holds a Bachelor of Engineering in Aeronautical Engineering from the University of Glasgow in Scotland, UK, and is a dual British and Irish citizen.
