

MEDIA RELEASE

TENDER DECISION ANNOUNCED BY AEROPORTI DI ROMA FOR ROME FIUMICINO

Aeroporti di Roma has decided to uphold the ranking list regarding the tender process for the selection of ground handling service providers to be carried out at Fiumicino Airport, disregarding the indications provided by administrative judge of the TAR.

Swissport plans to appeal the ruling and has requested the reasoning behind the decision, as well as a suspension of its enforcement. In accordance with the standstill rule, this also includes a hold on the signing of contracts with other ground handling providers, while the appeal is pending.

Meanwhile during this time, we will continue to deliver our best possible for the airport and all our loyal airline customers.

In 2023, Swissport International AG provided best-in-class airport ground services for some 232 million airline passengers (2022: 186 million) and handled roughly 4.7 million tons of air freight (2022: 4.8 million) at 115 air cargo centers worldwide. Several of its warehouses have been certified for pharmaceutical logistics by IATA's CEIV Pharma and by the British MHRA. At the end of December 2023, the world's leader in airport ground services and air cargo handling, with currently around 60,000 employees, was active at 286 airports in 44 countries on six continents.
