- Any export shipment that is withdrawn from our cargo facilities after acceptance will be charged at the applicable charges.
- All import charges apply to each airwaybill MAWB or HAWB or in instances where consignments are split for entry purposes. Import shipments may be check weighed or volume checked in the event of any discrepancies being found
- Storage free periods are subject to local variations. Please check with your local Swissport cargo office. Where a dispute exists, that involves parties outside the control of Swissport and this dispute causes delays to the clearance and collection of import consignments, or the delay in moving export shipments, no adjustment of charges will be made in respect of consignments delayed as a result of such dispute.
- All charges are subject to alteration without prior notice. For those parties who request Cargo Handling Services not covered under a Standard Ground Handling Agreement (SGHA) liability will be covered by standard trading conditions
