SWISSPORT’S PHARMA NETWORK

In our growing network of Swissport Pharma Centers we combine temperature-controlled warehouses with standardized processes and specialized staff. State-of-the-art facilities at pharma hubs like Basel, Brussels and Frankfurt offer advanced end-to-end cooling.

TEMPERATURE CONTROLLED SWISSPORT FACILITIES

- **15–25°C**
  - 23,555 m² available
  - 122,929 t handled

- **2–8 °C**
  - 14,144 m² available
  - 238,593 t handled

- **–0 °C**
  - 1,190 m² available
  - 2,703 t handled

OUR GLOBAL PHARMA NETWORK

END-TO-END COOLING SOLUTIONS

1. Pharmaceuticals are on- and offloaded at specialized cooled truck docks.

2. Temperature controlled and dedicated warehousing ensures sensitive cargo remains within the required temperature range at all times.

3. Specialized cooling containers ensure a temperature controlled transport on the apron and during loading.

DIGITIZATION & INNOVATION

- Swissport’s pharma capabilities are standardized and published on the Validaide platform to allow lane risk assessment and supplier qualification.
- Real time and accurate data about pharma shipments, flights, storage capacity and individual ULD’s are available to customers in the Cargo Portal.
- Digital tools simplify and improve inspections of pharma shipments and infrastructure.
