Glattbrugg, 14 November 2022

DAVE LYNCH
Chief Information Officer
Swissport International AG

Dave Lynch joined Swissport International AG as Chief Information Officer on November 14th, 2022, and reports directly to the CEO.

Dave has more than 20 years of IT experience in the transportation industry and has held executive leadership positions at two of the largest transport groups in the world. He comes to Swissport from FirstGroup, where he served as CIO and led the company's global IT strategy which included increasing cloud infrastructure adoption and driving a strong culture of cybersecurity awareness.

Dave's previous roles include Group Technology & Procurement Director of Go Ahead Group, Managing Director of Effective Technology Management, Business Development Manager of Sema Group, and Managing Director of Meridian Information Systems. He holds a BA in Business and Finance from Central Lancashire University in the UK.
